Our School Holiday Cricket Camps are for boys and girls and we have separated them into Under 12 players and Under 14 players. The focus on the development of fundamental batting, bowling and fielding skills. Our experienced, qualified coaches together with our world class indoor training facility and latest training aids provide the perfect learning environment.

All our coaches have played or coached at representative level and their mission is to help participants take their game to the next level. They aim to make it fun and children are placed in groups according to their age and skill level. Players then move through a circuit of technical drills to develop new skills and build on their existing skill base. Where appropriate, bowling machines will be used as players work through the full range of batting shots including both front foot and back foot shots against spin and fast bowling.

The Program Includes: Note: The content on each day will vary

-  Batting Workshops covering the full array of shots
-  Where deemed safe, use of Bowling Machines that allow us to regulate the speed and swing on each delivery
-  Tuition on Running between the Wickets
-  Fielding, Throwing and Catching Drills
-  Bowling Technique and Execution - Spin or Pace including Video Analysis where required
-  Drills Specific to the T20 format of the game

BRING: Full Drink Bottle + Snacks + Cricket Gear
