

WINTER CRICKET PROGRAMME

The Winter Programme is a structured cricket coaching program that runs for 10 weeks through June, July and August. The programme commences on the weekend of June 27 & 28, 2020 and because children can have other weekend sporting commitments, we operate on both Saturdays and Sundays. Participants can attend either day to work around their other sporting pursuits.

The programme focuses on the technical and tactical aspects of the game to deliver a purposeful training experience. Our accredited coaches simulate pressure match situations with a wide variety of skill drills and use the latest technology including BOLA bowling machines and video analysis.

The only pre-requisite to attend the Winter Programme is participants must be passionate about the game of cricket. They should be prepared to work hard to take their game to the next level and achieve their full potential. It's NOT just for elite junior players, it's for young players who want to build confidence and self belief.

Over the last 5 years we have seen a number of participants (both boys and girls) go on to represent Victoria and Australia in under age teams. We have also seen numerous participants progress to play representative cricket for their association including the South East Cricket Association (SECA), Eastern Cricket Association (ECA) and the South East Bayside Breakers. Dozens of our graduates are now playing Premier cricket.

WINTER CRICKET PROGRAMME

THE SCHEDULE

 <p>June</p>	<p>In the first weekend (last June weekend), and continuing in July, we put your batting technique under the microscope in our Batting Lab.</p>  <p>CRICKET HQ BATting LAB</p>
	<p>We work through your set up and lay the foundations to score runs across the entire batting 'wagon wheel'. Our analysis also explores ways to help players generate more power.</p> <p>We use state of the art BOLA bowling machines during your weekly 20 minute one-on-one batting sessions and work through the full array of shots. We start with front foot drives then move to back foot pull and cut shots later in the programme. The schedule also includes some variation by bowling over and around the wicket.</p> <p>Players are asked to do very little bowling in the first few weeks of the programme.</p>
 <p>July</p>	<p>As July progresses we continue with the 20 minute weekly batting sessions in the Lab but we shift the focus to competitive game day scenarios to challenge players.</p>  <p>CRICKET HQ BATting LAB</p>
	<p>Later in July we also introduce group net sessions where players of similar ages and ability are grouped together for a 30 minute net session each week. As a guide, each player in the group will bat for an additional 7 to 10 minutes in a net and each bowler will bowl for around 20 minutes.</p>  <p>CRICKET HQ BATting LAB</p> <p>WWW.CRICKET-HQ.COM.AU</p>
 <p>August</p>	<p>Similar to the July agenda, however, we shift the batting emphasis to T20 power hitting drills. Players also undergo a batting spin class in August with a focus on footwork and decision making.</p>  <p>In August we extend the group net sessions and increase bowling loads so players hit the ground running with the start of their club pre-season training. Where appropriate, we introduce some cricket specific strength and conditioning activities in the HQ gym.</p>
