WINTER CRICKET PROGRAMME

The 2022 Winter Programme is a structured cricket coaching programme that runs for 9 weeks through the months of June and July. This year's programme commences on the weekend of June 4 & 5 and because school-aged children can have other weekend sporting commitments, we operate on both Saturdays and Sundays. Participants can attend either day to work around their other sporting pursuits.

The programme focuses on the technical and tactical aspects of cricket to deliver a purposeful training experience. Our accredited coaches simulate match day situations with a variety of scenarios and skill drills using the latest technology including BOLA bowling machines and video analysis. The only prerequisite to attend the Winter Programme is a passion for the game and a desire to improve and develop your skills. The Programme is NOT just for elite or A Grade players, it's for players (young and old – boys and girls) who want to upskill, build confidence and achieve their full potential.

Over the last 6 years we have seen a number of participants (both boys and girls) go on to represent Victoria and Australia in under-age cricket teams. We have also seen numerous participants progress to play representative cricket for the South-East Cricket Association (SECA), Eastern Cricket Association (ECA), DDCA, Under 15 J. G. Craig teams as well as the Youth Premier League (South-East Bayside Breakers, Scorpions, Emus etc.). Dozens of our graduates are now playing Premier Cricket at various clubs in Melbourne.

Location:	Cricket HQ - 51 to 53 Levanswell Rd, Moorabbin 3189
Who:	The programme caters for boys and girls (of all ages and ability) plus senior players

WINTER CRICKET PROGRAMME

THE TRAINING SCHEDULE

	<p>In June and continuing through early July, we put your batting technique under the microscope in our Batting Lab.</p> <p>In your weekly 20 minute batting sessions we work through your set up, stance and balance to lay the foundations to score runs to all parts of the ground. We analyse your back-lift and explore ways to generate more power.</p> <p>The programme commences with an analysis of your front foot shots including the forward defence, the off-drive and the on-drive. In June we also look at how to turn the strike over and manipulate the field by working the ball into gaps in the field.</p> 
	<p>In July, the weekly 20 minute coaching sessions shift the focus to back foot shots – the punch, the pull and the cut shot. The schedule includes some variation by bowling over and around the wicket plus we include a session dedicated to playing spin bowling with a focus on footwork and decision making.</p> <p>Note that players do not bowl in the first 7 weeks of the Winter Programme.</p> <p>In the back end of July, we introduce group net sessions where players of similar age and ability are grouped together for a weekly 45 minute net session. As a guide, each player will bat for 15 minutes facing other players in the group so players will commence to bowl for around 30 minutes in these group net sessions.</p> <p>These sessions are designed to assist bowlers with their technique and avoid injury plus develop variation, swing, more speed or extra spin. The batters get to execute their skills under various game day scenarios plus improve their running between wickets and general fitness. If we detect a batting weakness in the group net sessions we revert back to the bowling machines and one-on-one coaching to address the issue. The mission is to prepare players for August pre-season at their club. With each participant hitting more than 1,000 balls over the winter months they should hit the ground running.</p>
